And here is the second. No further response from them in the past two hours ... really would like to talk with Hays Griswold or another EPA official who is familiar with the mine around Upper Cement Creek. I have comments from the State, Kinross Gold, Todd Hennis of San Juan Corp. , and the Animas River Stakeholders Group, and I want to give EPA a chance to provide input into this report. Any help you can give is appreciated.

Much obliged,

I am traveling for work in Japan and will respond to you email as soon as I can. Please note the 13hr time difference.

For non-Japan issues, please reach out to Melissa Harrison (harrison.melissa@epa.gov)

Thanks,
Liz
